

G E O T E R M S

Read Sections 1 and 2. Then create an illustrated dictionary of the Geoterms by completing these tasks:

- Create a symbol or an illustration to represent each term.
- Write a definition of each term in your own words.
- Write a sentence that includes the term and the words *mountainous region*.

Geoterm and Symbol	Definition	Sentence
altitudinal zonation		
snow line		
terracing		
tree line		
vertical trade		

The World

1. On the map, circle or highlight a mountainous region you would like to learn more about.
2. Read a newspaper, magazine, or Internet article about how people live in this region. Attach the article to this page.
3. Near this mountainous region on your map, draw and label symbols to represent at least two physical characteristics of the region.
4. Briefly describe the adaptations people have made to life in this region.

5. In what ways is life in this region similar to life in the central Andes? In what ways is it different? What might explain these similarities and differences?
